To Whom It May Concern:

I have enclosed a piece of campaign information I received in the mail today.

This is obviously a campaign advertisement designed to encourage a yes vote for the lid lift levies of Fire District 16.

As the chairman of Responsibility First; the committee against, Commissioner Fire District 16, and citizen of Washington State I ask the following questions;

1. Who sent this? It is stated no public funds were used yet the sender is listed in the return address as Pierce County Fire Protection District 16. I can find no listing for them as a PAC.
2. Who paid for this?
3. Why isn't that information listed?
4. Isn't that required?

As you can imagine this is a very contentious issue in this district, yet I feel I must require my opponents obey the rules for proper reporting. Please investigate this matter and take proper action for any violations.

Sincerely;

Allen A. Yanity
